

Building Community Through Food

The Hudson Grocery Cooperative (HGC) is a community-owned grocery store that offers diverse food and product choices including organic, sustainable and responsibly sourced options. HGC's vision is to be a vibrant grocery store offering products you can trust where everyone is welcome and shopping is fun.

INVEST IN YOUR VALUES

Match your investments with your values while earning a fair return.

Strengthen the local economy

Every \$1,000 invested in the co-op generates \$1,600 in the local economy.

Support local producers

On average, co-ops purchase from 51 local farms and 106 local producers.

Cultivate healthy families

The co-op is a resource for practical health and food-related education

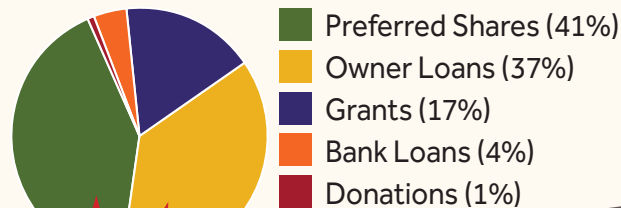

COMMUNITY INVESTMENT CAMPAIGN

THE NEED

HGC has purchased the assets of Fresh and Natural Foods and will transition the store to Hudson Grocery Co-op in the spring of 2024. The store is set to undergo an exciting transformation including updated technology, remodeling and rebranding. This transformation will cost \$2.16 million.

Part of the co-op difference is our unique ability to raise funds through our strongest supporters: our co-op owners! We have a variety of ways you can financially support HGC. Your donation or investment provides HGC the capital to successfully execute this transformation and put our cooperatively-owned grocery store on a solid financial foundation.

The \$2.16 million will come from:

This is where we need YOU!
